

JOURNAL OF SCIENCES OF THE EARTH

Vietnam Academy of Science and Technology

Editor-in-Chief: TRAN TRONG HOA

Associate Editor-in-Chief: NGUYEN VAN GIANG

Editorial Board:

Le Duc An, Le Duy Bach, Nguyen Van Cu,
Nguyen Dinh Duong, Nguyen Dich Dy, Truong Quang Hai,
Nguyen Van Hoang, Vu Cao Minh, Tran Nghi,
Phung Van Phach, Nguyen Hong Phuong,
Bui Cong Que, Nguyen Thi Kim Thoa, Cao Dinh Trieu,
Phan Trong Trinh, Nguyen Dinh Xuyen

Technical Editor: Nguyen Thi Dung

JOURNAL OF SCIENCES OF THE EARTH

33(2) - 6-2011

CONTENTS

1. Cao Dinh Trieu, Nguyen Ba Duan, Dang Thanh Hai, Ngo Gia Thang, Bui Anh Nam, Nguyen Dinh Nguyen	Some results of placura and granosa shells distribution in Nghe An region	97
2. Mai Thanh Tan, Pham Van Ty, Dang Van Bat, Le Duy Bach, Nguyen Bieu, Tran Nghi, Le Van Dung	Characteristics of Pliocene - Quaternary geology and Geoengineering in the Center and Southeast parts of Continental Shelf of Vietnam	109
3. Doan Van Tuyen, Dinh Van Toan	Structural features of Electrical conductivity and its relation to anomaly of geothermal heat flow in the Red River Fault zone	119
4. Hoang Thai Lan, Nguyen Thu Trang, John Macdougall	The occurrence of equatorial spread F over Ho Chi Minh City in years 2003 and 2005	126
5. Hoang Hai Son, Nguyen Xuan Anh, Le Viet Huy, Pham Xuan Thanh	Determination of lightning activity parameters from lightning simulation data	134
6. Le Van Anh Cuong, Nguyen Thanh Van, Nguyen Van Giang, Dang Hoai Trung, Vo Minh Triet	Kirchhoff migration for specifying velocity model in high frequency electromagnetic method	142
7. Cao Dinh Trong, Cao Dinh Trieu, Nguyen Duc Vinh	The application of Neural Network for Earthquake Magnitude Prediction in Northwest Vietnam	151
8. Nguyen Ba Duan, Dang Thanh Hai, Vu Duc Minh, Le Thi Thuy Hien	Studying to determine causes of landslide in the area of the Mong Sen bridge, Lao Cai province	164
9. Nguyen Tien Hung, Kuo-Liang Wen	Seismic microzoning map of Hanoi city on the basis of microtremor motion observations	175
10. Pham Nam Hung, Le Van Dung	The deep structure of Hanoi region and adjacent areas on the basic of gravity data analysis	185
11. Phan Thien Huong	Measurement elastic velocity of hydrous phases at high P-T of subduction slab by multi-anvil apparatus	191

12. Thai Anh Tuan, Le Van Dung, Mai Xuan Bach	Seismic hazard assessment of Hanoi and adjacent areas on the basis of neodeterministic approach	200
13. Tran Thi My Thanh, Nguyen Dinh Xuyen, Nguyen Van Duong, Nguyen Le Minh	Evaluation of the Tsunami hazards along the coast of Vietnam	209
14. Nguyen Hong Bang	Aquifer parameter calculation by well logging data - a highly effective method in design, construction of deep water production well in Cuu Long Plain	220
15. Vu Trong Tan, Nguyen Ngoc Thu, Vo Thi Hong Quyen	Vibration testing method in environmental management using seismic recording system	224
16. Nguyen Trung Minh	Applications of modified granular red mud of refining Bao Loc bauxite for waste water treatment	231

SCIENTIFIC NOTES

17. Chu Quoc Khanh, Lai Manh Giau, Phan Minh Tuan, Le Thanh Hai, Dang Van Hau, Phung Duc Manh	The criterion system of regional geophysical database in the Ministry of Natural Resources and Environment	238
