PAPERS

The effect of the chilled water temperature on the performance of an experimental air-cooled chiller

Phan Thi Thu Huong, Hoang Mai Hong, Lai Ngoc Anh 1

Vision-based inspection of bolted joints: Field evaluation on a historical truss bridge in Vietnam

Thanh-Canh Huynh, Ba-Phu Nguyen, Ananta Man Singh Pradhan, Quang-Quang Pham 13

An improved meshless method for finite deformation problem in compressible hyperelastic media

Nha Thanh Nguyen, Minh Ngoc Nguyen, Thien Tich Truong, Tinh Quoc Bui 27

A mesoscale numerical approach to predict damage behavior in concrete basing on phase field method

Nguyen Hoang Quan, Tran Bao Viet, Nguyen Thanh Tung 43

Nonlinear vibration of nonlocal strain gradient nanotubes under longitudinal magnetic field

N. D. Anh, D. V. Hieu 55

Evaluation of the effect of the concentration of seeding particles on spike-excitation doppler UVP measurement

Nguyen Tat Thang 79

Theoretical model of guided waves in a bone-mimicking plate coupled with soft-tissue layers

Hoai Nguyen, Duc Tho Le, Emmanuel Plan, Son Tung Dang, Haidang Phan 91
